

Light Optics

Building a brighter future

LO-MC-CH14 series

14 Slots Media Converters Rack

Main features

- ◆The power of the Rack can be supplied by the type of dual power. Adopting dual power supply, the load of each power can be reduced and the life of the power would extend. When one power supply is at fault, the other one can still work independently. It would enhance the reliability of the RACK.
- ◆Supplying the Converters or Powers to be plugged and played.
- ◆It is possessed of stable performance, large capacity of power supply, and ease for management and maintenance
- ◆2U high: 19-inch standard design

Technical Specifications

- ◆Capacity : 14 slots available
- ◆Power: Input: AC 100 ~ 260V, 50~60HZ
Output: DC +5V 12A
- ◆Power protection: protection from over voltage, over current and short circuit
- ◆Working temperature: 0~50°C
- ◆Storage temperature: -20°C~70°C
- ◆Relative Humidity: 5%~95%
- ◆Dimensions: 485 (wide) × 245 (length) × 90 (high) mm
